

W47 DUAL SIM CARD PORTABLE PoC RADIO

Unlimited Range, Flexible Group Calling

YilPoC

USB Type-C Type-C Charging Interface

The Type-C charging interface is so simple usage by specifying cables having identical plugs on both ends, which can be inserted without concern about orientation.

Keypad Tone

Pressing a single key of keypad produces a sound to remind that you already successfully press this key.

Voice Prompts

The radio actually talks to you in a human-like voice. You will hear the prompt spoken in plain relative language.

Emergency Alert

If an operator needs to send an immediate and urgent request for help, the push of just one button can trigger a call for assistance.

Battery Saver

The radio will switch to automatically after being left unused for a certain amount of time, lessens the drain on your battery and makes it last longer.

PTT ID

This feature allows the radio to transmit and/or receive a radio ID and lets you know who is transmitting to you.

Time & Date

It displays the current date and time on radio.

GNSS (Optional Paid Feature)

These two-way radios that have a GPS function can report the position of the radio.
